

To Whom It May Concern:

I am writing in support of K-LOVE radio stations broadcasting across the United States. I've listened to KI-LOVE in the San Antonio, Tx. area for a number of years and thoroughly enjoy the music as well as the message it conveys to the listening audience. It provides a wonderful service to me and my family and to all who listen. I appreciate having an alternative to the secular stations in our area. They are often crude and do not present wholesome, family, Christian values. Please do not replace K-LOVE with another secular LPFM station. Our country needs a place to hear the Christian message and good, clean music.

Thank you.

Sincerely,

Libby Thoma
